Card from Col. Medary. The following card from Col. Medary speaks for itself: - Fact. Col. Grany, Ed. City Fact:

Dear Sir-In your paper of last eve-uing, where you publish extracts from the testimony in the case on trial at Cleveland, against a Mr. Court, of Marion county, for "treason," or being a member of a secret political society, I find in the testimony of Dr. Christian these words:

"Mr. Hodder told me he got the obligation from Sam Medary, at Columbus." Now, Mr. Hodder either told Christian what was false, or Dr. Christian swore to what was not true, as the whole is made out of pure fiction, so far as I am concerned; and I have no dcubt but Mr. Hodder will promptly contradict so base a false-hood. As the Statesman of this morning contains the same foul libel upon me, knowing it to be such, I will deal with that concern as its iniquity deserves...

On Saturday morning the Monticello steamed around the cape, and a few miles up met the rebels marching down the narrow neck of land to attack our troops. The rebel steamers were also landing troops to co-operate with them. They were in easy

War Material for Illinois.

[Special Dispatch to the Chicago Tribune.] SPRINGFIELD, Oct. 18. The gratifying intelligence relating to money and arms for Illinois, announced McLean's Condial.—As may be seen, we insert this week the advertisement of McLean's Cordial, &c.

It is very well known that we are not particularly favorable to patent medicines, and as a general thing, eschew the whole of them with but little ceremony, and with these sentiments we declined inserting this advertisement until we knew what were the ingredients of the medicine, and how compounded. This we have learned, and believing, as we do, that the ingredients are good, and the compound judiciously made, we recommend it es a mixture worthy of public confidence.

The above is from the St. Louis Christian Advocate, edited by the renowned Rev. Dr. McAnally, which speaks volumes in favor of McLean's Cordial. We say to all, try it. He obtained one million of dollars in Treasury notes, payable on demand, of the denation of five dollars and upwards, and designed for general circulation. He secured six thousand rrfled muskets, five hundred rifles, and ordnance for fourteen batteries of artillery, consisting of eighty-four pieces of James' rifled cannon, with caissons, implements and materials com-

(THE ORIGINAL, ONLY TRUE AND GENUINE For 25-Years a Staple Remedy for LIVER COMPLAINT AND ALL BILIOUS DISEASES.

PILLO.

The ordinary evidences of Disease of the Liver are Pain and tenderness in the region of the Liver, sometimes dull and aching, increased by pressure, pain and Uneasiness in Breathing, Pain in the right Shoulder, uneasiness when lying upon the left side. increased size of the Liver, Short and Dry Cough, disordered stomach, Nausea, Yellowish Tinge on the eyes and skin, Headache, yellowish fur on the tongue, Bitterish taste in the mouth, heavy, dull sensation in the Brain, Depression of Spirits, amounting almost to Insanity, slight Fever toward evening, Less of Appetite, Melancholy, with moroseness and Hypochondria, Neuralgia, dullness, a general feeling of Uneasiness, Languer, drowsiness, the patient conscious of something wrong in himself, and disposed to see nothing right in things about him, yet wholly unable to explain the cause of his sensations-with many others easily detected by resemblances to some one or other of the above. The Liver Pill will almost certainly arrest the disease if taken upon the appearance of the above symptoms, which if allowed to take its course, becomes chronic in its nature and almost incurable, producing great and con-

stantly increasing suffering. The use of this medicine will neither create a new disease nor complicate an existing one, but, in most cases, will prepare the system for the more vigorous remedies of the physician, should it be necessary to call in his aid,

Mr. R. E. SELLERS—It is from a sense of duty, as well as with great pleasure, that I bear t-stimony to the virtue of your justly celebrated Vermifuge. I produced a single bottle, and gave it to three of my children, who had been ill for several weeks. The cidest was seven years old, the next four, and the youngest eighteen months. The first passed fifty-six werms, the second forty-seven, and the third a considerable number, not distinctly recollected. Since then they have been doing well, and are now in good health.
